**And The Beat Goes On**

Well another year has passed, and we start all over again. Let's forget about Congress and the Senate for a few minutes and think about the car year that passed and the new one waiting for us to make of it what we wish. Every year at this time I vow to drive my Sprint and my GT more and my White 06, F150 Lariat less, and at the end of each year I say to myself (Like the old Brooklyn Dodgers), wait 'til next summer!

In this issue of the "Falcon Times", we will look back at some of the activities from 2012, including meetings, the Nationals, and the Regional. The summer club meetings at The Tri-State Cruisers Cruise Nights went over well. The National FCA Convention in Louisville, KY was very interesting to say the least, and of course, our Regional Meet at the Mystic Aquarium was something else for sure.

This year, 2013 will start-off with our March 16<sup>th</sup> meeting at the Sturbridge Host Hotel, This will be our annual Nomination of Officers meeting, so if you are interested in becoming an Officer of the Northeast Chapter this is the meeting to attend. (See meeting details in the Meeting/Show Notices in this issue.) As the weather gets better, we will probably hold our

meetings at The Tri-State Cruisers Cruise Nights again, watch for notices to confirm dates and place in future issues.

I was on the Mecum Auto Action web site one day and noticed that the "Tiki Taxi" was up for auction. You may recall that the "Tiki Taxi" won Ladies Choice at our 2008 Northeast Chapter Regional meet in Sturbridge, MA. Unfortunately, there was no television

coverage on the day that it was on the auction block. After the auction was over, I checked to see if it sold, and it did. Let's look forward to another great Falcon season and I hope to see you on March 16. 🚗

*"Don't Worry, Be Happy, and God Bless"*

**President's Message**

Hi Everyone,

It is time to shake off the winter, dust off the cars, and get ready for spring. I really have the itch to get my Falcon on the road again. Speaking of driving the Falcon I have also included in the newsletter an itinerary for the migration to the National Show in Tulsa. Think of driving your Falcon on the Mother Rd. Rte. 66!

This year's regional show is August 24th at the Sturbridge Host Hotel. This year we are going to try something different. Instead of having a formal banquet that evening, we are going to have a cookout right at the show from 3:00-4:30. The cost is \$30.00 for adults. Not sure of a price for kids but it will be family friendly. Hopefully everyone will stay for this and enjoy the camaraderie of the club.

One last topic, I have run out of ideas for club activities. Lately we have less and less people participating in our club. If you have any ideas for an activity please come to a meeting and get the ball rolling. I also think it is time for someone to step up and volunteer to be an officer of the club. If this club is going to continue we need more people to be active members.

Hope to see you on the road in your Falcon.

*Rick*

**2013 FALCON MIGRATION TO TULSA OKLAHOMA**

Hello One, and All!

It is finally time for the grand announcement and plans, for the 2013 running of the world famous Falcon Migration! This year it will be on the Mother Road- US Route 66. As most of you know, this year's FCA Convention is in Tulsa Oklahoma, which is on Route 66, so we will be starting our trek in beautiful downtown Chicago at the northern and eastern terminus of Route 66. We will take three days to travel to Tulsa and then for the brave and "un-time constrained" among us, we will continue all the way to the western terminus of Route 66 at the Santa Monica pier in California. Hotels have been arranged with group price discounts, a route plan has been selected, and all you need to do is come along!

Starting date is July 7, 2013 in Chicago. The reason for this day/date is because it is a Sunday and Sunday appears to be the only day of the week you can actually drive thru downtown Chicago and have the drive take less than 8 hours! I have a hotel arranged about 19 miles north of the starting point in Chicago for the night before-July 6. We will take three days to travel to Tulsa. These will be three very easy, short distance days, allowing us to see and experience the Route 66 experience. This makes for the Migration to get to Tulsa on Tuesday July 9. So plan your Convention hotel reservations accordingly!

Our Route book for this year's escapade is the "EZ 66 Guide for Travelers" written by Jerry McClanahan. This is an exceptionally well-written book that gives turn-by-turn driving instructions, as well as huge amounts of insights, places to go, things to see. I am fluent enough in 66 driving directions, having grown up in southern California, that I know Mr. McClanahan has his directions correct. AND there is a third edition of the book, just released on February 16 2013, with all the latest openings and closings. The book is available online at [www.national66.org](http://www.national66.org) for \$17.95 but we are putting together a "group discount" rate to buy a larger amount for \$10.95. We need to buy at least 10 copies and in increments of 5 copies. Both costs are plus shipping.

We will gather in Chicago on Saturday July 6. The hotel is a Holiday Inn Express in Rosemont Illinois, near O'Hare airport. 20 rooms are being held for the Falcon Club of America at rates of \$89 for single king and \$99 for two Queens. Call 847-544-7500 and make sure to mention FCA.

Day number one will start in Grant Park on Lakeshore Dr at Jackson Blvd, the start of Route 66. The day will bring us to Lincoln, Illinois, a distance of not much more than 150 miles. We will have plenty of time to stop and take in the sights there is much to see. The day will end at another Holiday Inn Express in Lincoln. The FCA rate is \$74 plus tax for either king or queen rooms. Call 217-735-5800 and mention FCA.

Monday July 8 has the cruise moving into Missouri after we navigate our way thru St Louis. Those of you who made the Hwy 50 Migration in 2005 will recognize some of the roads we travel. We end the day in Springfield MO and our night will be spent in a genuine old Route 66 motel, built in 1938. The Route 66 Rail Haven Best Western Motel has the old look with modern conveniences and BREAKFAST! We have an FCA rate of \$75 plus tax for king or queen rooms. Call 417-866-1963 and mention FCA.

Tuesday July 9 gets us into Tulsa and the convention site. All three days will be relatively short mileage-wise, with plenty of time to stop and sightsee. The author of our route guide has a gallery in Chandler OK, about an hour west of Tulsa on Route 66. On Wednesday, we will take a day drive down to his gallery.

After the convention is over on Sunday July 14 those who are up for the western drive will meet and head into the sunset. I have made no reservations at this time but I do have ideas about places and daily distances. For any interested in either part of this Migration PLEASE get in touch at [msgarrett35@msn.com](mailto:msgarrett35@msn.com) or at (240)489-3422.

# 1963 SPECIAL FALCON PROTOTYPE

I was on the internet a while back and came across these pictures on the FordImages.com site. If you notice the grille you will see a cougar where the running pony would be corralled when the car became the Mustang. I knew they toyed with the cougar name but never knew that at one time it was called the Special Falcon Prototype. I took it a little further and added some Falcon emblems, what could have been...Very interesting indeed Mr. Watson.

**ODDS AND ENDS**

If you have a 63 Falcon look at this price list and figure out what your ride cost new with all your options. Note the effective date and the revised date so it has the Sprint option package listed for \$367.20 over the standard 6 cyl convertible and \$404.60 over a 6 cyl hardtop.

**SUMMARY OF LIFE**

**GREAT TRUTHS THAT LITTLE CHILDREN HAVE LEARNED:**

- 1) No matter how hard you try, you can't baptize cats.
- 2) When your Mom is mad at your Dad, don't let her brush your hair.
- 3) If your sister hits you, don't hit her back. They always catch the second person.
- 4) Never ask your 3-year old brother to hold a tomato.
- 5) You can't trust dogs to watch your food.

## FALCON WAGONS

*America's lowest-priced 6-passenger station wagons*

Developed from the Ford Falcon and perfected by America's station wagon specialists, the Falcon Wagons are bound to be winners. Every Falcon advantage was built into the Falcon Wagons: Front-mounted Falcon Six engine with up to 30-miles-per-gallon economy, generous room for six passengers, single-unit body construction, and all the other fine details that make the Ford Falcon such a popular bargain . . . including the low Falcon price range. Add to

this the refinements and know-how that have made Ford the industry's leading station wagon maker for over 30 years, and it's easy to see why Falcon Wagons are such standouts. Consider loadspace: It's over 7 ft. with tailgate up, almost 9 ft. with tailgate down and a full 57.4" wide. That's space with a Capital "S"! And when you compare price, you'll find Falcon Wagons are priced lower than any other 6-passenger wagons in America!
